Course Description

The hospitality industry makes a significant contribution to the national and global economy. As such, the industry requires competent managerial staff who possess the required skills and knowledge for successful food and beverage management.

Students achieving this qualification are competent to apply hospitality-specific frontline and management skills with specific focus on food and beverage management.

Delivered as a distance learning programme, qualifying learners will through a combination of academic and work-integrated learning, acquire the necessary competencies required to fulfill roles in lower- or middle-management positions within food and beverage industry.

What does the programme cover

Students are required to complete seven compulsory modules. One of these modules includes 12 weeks of practical work experience in the hospitality industry. Other elective modules are available so talk to us so we can design a learning pathway that suits your needs.

The course covers the following subjects:

- Food safety: Managing with the HACCP process
- Management of Food and Beverage Operations
- Purchasing for Food service Operations
- Supervision in the Hospitality Industry
- Planning & Control for Food & Beverage Operations
- Work-Integrated Learning
